

USONIAN UKULELE NUT SPACING GUIDE

4-string ukulele

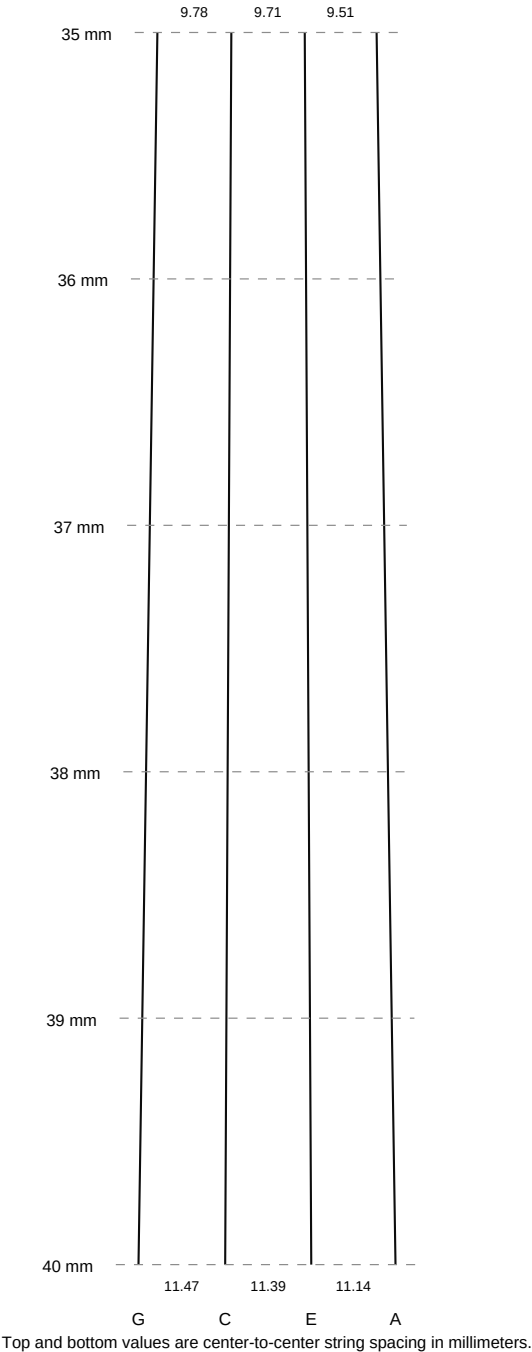

Print at 100% / Actual Size - do not fit to page

INSTRUCTIONS

- 1. First attach the two outside strings to the instrument and lightly tension them. Mark the locations of the two outside strings on the nut.
- 2. Hold the nut with its top edge facing down and slide it down the page.
- 3. Align the marked outside-string centers with the two outside guide lines.
- 4. Mark the remaining strings where the guide lines cross the nut.

BASS / LOW

TREBLE / HIGH
